

## 1 YEAR MASTERS PROGRAMS 2009

There are numerous advantages to studying at Griffith, including the diverse and flexible courses available. The interdisciplinary nature of a Griffith University degree is one of the University's hallmarks and its courses challenge rigid academic structures. Griffith offers a number of 1-Year Masters programs in every study area, which can be completed in 12 months. Smaller class sizes create a caring and personalised atmosphere that adds to the approachability of staff. Griffith's strong ties with industry also give graduates a competitive edge once they enter the workforce.

Program	Duration	Credit Points	CRICOS Code
